### Buzzard Is Now Very Happy Man

Charles Buzzard, Who Lives at No. 53 Sylvania Street, Relates His Story

The symptoms of stomach trouble can never be mistaken and may be denoted by any one of the following: Food appetite, full pain in the head, sense of fullness after eating, restlessness, costiveness, regurgitation of food, dyspepsia, indigestion, coated tongue, cold in the back or chest, cold feet, poor circulation or palpitation of the heart.

Plant Juice, the new herbal system tonic, acts like magic in all cases of stomach trouble. It attacks and destroys all poisons in the blood, corrects diseased conditions of the liver and kidneys and restores them to normal condition.

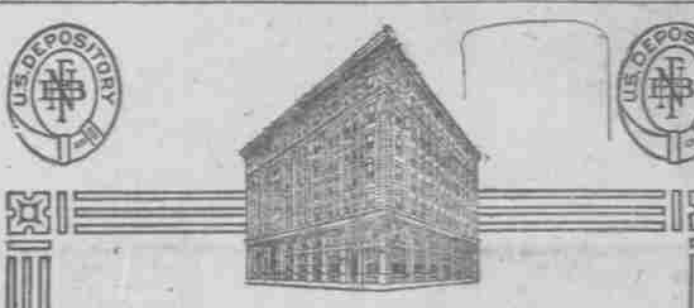

Daily local testimonials are received which verify these claims made for Plant Juice. Only recently the signed statement was received of Mr. Charles Buzzard, who lives at No. 53 Sylvania Street, Pittsburgh, Pa., where he has resided for the past 13 years. He said:

"For over two years I had been sick, not bad enough to be in bed, but always miserable and all run down. My stomach pained me as the food I ate fermented and formed gas and I was chronically constipated. The medicines I had used did me no good until I began the use of Plant Juice. It helped me the first day and I have now used it for several weeks and all stomach pain has disappeared; can digest my food perfectly and am no longer troubled with constipation. I cannot say enough in praise of Plant Juice, as it has cured me and I shall always praise it and tell all of my friends to use Plant Juice."

The symptoms of a deranged stomach are many and varied, any one of the following may indicate stomach trouble: Indigestion, dyspepsia, coated tongue, foul breath, pains in the back and sides, sleeplessness, lassitude, gas or bloating after meals, poor appetite, heavy sensation in feeling, bad taste in the mouth or no energy.

Plant Juice is sold in El Paso at the Kelly-Pollard Drug store where it is being introduced and its merits explained. Advertisements.
